NEGRO STUDENT FINED.

Frankfort.—James Dean, a negro student of the Kentucky Normal and Industrial Institute, was fined \$100 by County Judge R. C. Hieatt on a charge of rioting. The case will be appealed to the Circuit Court. Governor McCreary today received a communication from the faculty of the institute commending President G. P. Russell in his stand to maintain discipline at the institution.

"VOTES FOR WOMEN"

Mrs. Murray R. Hubbard Delivered Notable Address Last Evening on This, The Leading Topic of The Day.

At Neptune Hall last night a most appreciative audience of Maysville's best citizenship, listened with close attention, that was most flattering to the speaker, to Mrs. Murray Rodman Hubbard, as she made a most eloquent, forcible and logical appeal for franchise for women. Her lecture was replete with facts, forcible illustrations and touching stories showing the sad conditions arising from woman's disfranchised position.

While men have been the wealth producers, yet upon women have devolved the responsibility of its prudent outlay and wise distribution. The natural query then is: Should the potential weapon, the ballot be given to the producer alone? Creation is an important function but is useless unless along with it goes conservation; and I submit that if the ballot is conferred upon the one, it is the part of wisdom to confer it upon the other. The decision of the struggle of '61 was that this country could not exist half slave—half free. I believe sincerely that its betterment and progress will be enhanced by a constitutional declaration that this is a real Democracy wherein all citizens, men and women, share and share alike the responsibility of choosing those who make and construe the laws governing the home, wherein resides the foundation of civic liberty. In primitive times the man and woman equally guarded the home. The club was the only weapon of defense and each used it equally in the protection of the home. When with the enlightenment of civilization the domination of brute strength gave way to peaceful government, the club which was used by both was superseded by the ballot only, in the hands of the man.

It is conceded that the home is the foundation of government. In it we find the principles of Democracy perfectly applied. We would never presume to cut the efficiency of that home by withholding from it the usefulness of either the man or woman. And I believe this larger home, the city, the State, the Nation, has half of its efficiency withheld by denying women the franchise.

Government is merely a transaction of the people's business in a great corporation. Now, if women have stock in a bank or other corporation, who would deny them the right to transact their business by virtue of this stock at a stockholders' meeting? In city, State or Federal Government, we find both the woman's and man's point of view. Men are likely to vote in the terms they think which seems to be dollars; women would vote in the terms they think, home and children. We remember a recent congress voted an appropriation of \$3,000,000 for the propagation of fine hogs and the same congress appropriated \$30,000 for child welfare. If mothers had been among the constituents I think more consideration would have been given the child.

We notice in the popular house of Congress a resolution reciting that our standing army was too small, that our navy meager, it has not enough men to man our battleships. This is merely a straw in the breeze but it is a danger signal. Even now but for our brilliant Secretary of State Bryan and our incomparable President, we would be at war with Mexico. We were happy in the belief that we were living in a civilized age because our wonderful President had piloted us safely through those troubles. Our belief in peace received a shock when we find civilized Europe engaged in the most brutal war of history. Let us do our utmost to hasten the day when the wishes of mothers shall have their due weight in public affairs, knowing by so doing we hasten the day when war shall be no more.

Awake men and women of America before it is too late and turn from a limited Democracy to a real Democracy, that we may avoid the horrors thrust upon civilization by the limited monarchies of Europe.

The family in a group photograph—before they have left the old fireside and gone out into the big world—Ever think of it?

Nothing preserves the home atmosphere and home memories like a group picture—with father and mother in the center.

And, when the family is scattered how glad you will be that you had it done in time.

Photography almost puts this obligation on us. Make the appointment today.

October 21st is the 35th anniversary of Edison's first incandescent lamp

When the great inventor saw the first flash of light from that first incandescent lamp 35 years ago, he dreamed of the day when every home would be lighted by electricity. The realization of that dream is now made possible by the development of the

EDISON MAZDA LAMPS

These economical lamps give from 3 to 6 times as much light as old-style carbon lamps, without using any more electricity.

If you want to get the full benefit of this saving you should put EDISON MAZDA Lamps in every room of your house.

There is an EDISON MAZDA for every lighting purpose—from the tiny battery lamps and small automobile lamps to the giant 1000 watt size, nearly 2000 candle-power, for stores, theatres, factories, etc.

Let us show you how they save, and advise you which to use for YOUR purpose.

21,976 FORDS SOLD IN SEPTEMBER

The Ford Motor Co., announces that in the month of September there were sold and delivered 21,976 Ford cars. This was a gain of 11,479 cars over September 1913. This is significant not only because it shows that the Ford production is rapidly being increased to meet the stupendous influx of orders, but also because it demonstrates that the Ford Motor Company is maintaining the 300,000 car-schedule necessary to give Ford purchasers between August 1st, 1914 and August 1st, 1915, a share of Ford profits.

We have just received a car-load of the new 1915 models, and can give you immediate delivery. There's nothing to gain by waiting, so order now and enjoy your car this fall and winter.
